# REGINA-MSP: *Regions to boost National Maritime Spatial Planning*

- **Key role of the Regions:**
  - Application of regional policies, cohesion policy, Green Deal
  - Responsibilities in terms of land planning, economic sectors, ICZM
  - Stakeholders' engagement
  - Inter-regional cooperation at sea basin level
- **Across the EU, quite diverse role of Regions in MSP**
  - Differential involvement in the preparation of national marine plans
  - Overlapping responsibilities for land planning
- ***Difficulties for implementing a common EU framework for MSP***

**Objective:** improving the participation of the Regions, local authorities and stakeholders in the development and implementation of national MSP

# REGINA-MSP: *Work packages & planned activities*

WP2

Baseline assessment of MSP implementation at national and regional levels and Compendium of regional and subregional experiences

WP3

Deepening analysis in case study Regions

WP4

Ocean literacy and effective stakeholder engagement strategies

## PLANNED ACTIVITIES

- Conducting a survey on national and regional implementation of MSP
- Carrying-out a cross-cutting analysis between 8 regional case studies
- Reviewing existing documents and literature and data needs for MSP at the regional level
- Undertaking interviews with actors
- Organizing participatory workshops with stakeholders
- Raising awareness among the general public
- Facilitating communities of practice
- Training of institutionals involved in MSP implementation
